MEMORANDUM FOR: Chief, Counter Intelligence Staff

**SUBJECT: FY 1956 Annual Report of the
NIS Program**

1. It has come to my attention that the subject report contains an error in the table on page 10 showing the qualitative adequacy of the NIS contributions submitted by your Office. Instead of 70% in Category II and 30% in Category III as shown, the correct figures should be 80% and 20% respectively.

2. This error occurred as a result of a reporting failure in connection with a change to a Category II rating on one section which was originally rated Category III.

3. All recipients of the Annual Report of the NIS Program are being advised of the error, with the request that it be corrected in the copies which they hold.
